About RCE Australia

Welcome to RCE Australia, your trusted partner in industrial, electrical and engineering solutions. We are a full-service company based in Wodonga, serving clients nationwide. At RCE, we take pride in our ability to transform concepts into reality, from consulting to commissioning and beyond, we ensure every aspect is executed flawlessly.

WE CREATE SOLUTIONS THAT SAVE YOU TIME AND MONEY

Like most professionals, we work hard. What sets us apart is that we think differently. We're wired to look for creative solutions that improve performance, productivity and outcomes.

A JOURNEY OF GROWTH

Founded in July 2014, RCE Australia has evolved from a one-person operation to a team of dedicated professionals.

Since expanding our capabilities with a purpose-built facility in 2020, we're planning further expansion across multiple sites in NSW, QLD, and SA.

ON TIME AND ON BUDGET WITHOUT COMPROMISE

We're all about delivering professional service, building long-term partnerships, and achieving growth. Our motto, "On time and on budget without compromise," is not just a slogan but a commitment to providing our clients with the very best of our capabilities.

WHAT MAKES US THE BEST?

R RELIABILITY AND RAPID RESPONSE

Our success is built on the foundation of a highly skilled team of tradespeople, committed to achieving the best outcomes for our clients. Whether it involves design, quotation, installation, or maintenance, we approach each task with precision and efficiency.

C CHAMPIONING CHALLENGES

We thrive on challenges, from one-off repairs and installations to long-term projects. We deliver top-notch services regardless of the project's complexity or location, often travelling at short notice to remote locations.

E UNIQUE EXPERTISE

At RCE Australia, we're the industry standouts when it comes to specialisation in complex constructions, cutting-edge design capabilities, and our commitment to handling the entire scope of a project, rather than just a portion of it. We're known for creating practical solutions that not only meet project requirements - but also deliver on time and on budget, consistently exceeding expectations.

RCE Australia
are a **privately
owned company,**
operating with the impact
of a corporate giant.

By taking the time to truly understand your needs, we're able to find the best solution together. Our team's diverse skills and wealth of industry experience, with our purpose-built facility, means we're able to work with large corporations, local businesses, and government agencies on projects all over Australia.

We have worked with

AWARD Winners

"It's taken years of hard work and dedication, many sleepless nights, a world of different emotions and some very, very extraordinary people to get us to this point."

RCE Australia's journey is punctuated by accolades and acknowledgments in the electrical contracting industry. We've been honoured with prestigious awards for our dedication to quality work and exceptional outcomes.

2023

VICTORIAN MASTER ELECTRICIAN OF THE YEAR

This award reflects our dedication to delivering quality work, highlighting our strong regional presence and contributions to our local community.

2023

NATIONAL MASTER ELECTRICIAN OF THE YEAR

This award recognises our position as a national leader, highlighting our commitment to excellence and impact in our industry.

QUALITY Assurance

Quality is at the heart of everything we do.

Our Certified Integrated Management System (IMS) leaves no room for oversight. We've implemented strategies to maintain high performance across key sectors, with third-party certifications ensuring that all projects meet regulatory requirements, safeguarding your investment.

ISO 9001 CERTIFICATION Quality Management

Make decisions confidently knowing we're able to meet your requirements and adjust as needed. This certification ensures consistent client satisfaction, regulatory compliance, and increased productivity.

ISO 14001 CERTIFICATION Environmental Management

Gain trust by partnering with us thanks to our environmentally responsible practices, managing risks effectively, and achieving legal compliance. It's a market advantage that demonstrates a commitment to the environment.

ISO 45001 CERTIFICATION Occupational Health & Safety

Feel secure with our commitment to safe, healthy workplaces and prevention of work-related injuries. This certification sets a benchmark for international occupational health and safety management, simplifying compliance for global operations.

Where People Thrive - Success Unfolds

At RCE Australia, our culture is a blend of family orientation and professional excellence.

We create a supportive environment where every team member is encouraged to reflect on past outcomes and share learnings for the benefit of the entire company. We take pride in delivering work that not only satisfies clients, but also leaves our team feeling accomplished.

Ross Coates

Ross Coates
Chief Executive Officer

Our management style at RCE is supportive, collaborative, and visionary. We believe in nurturing our team members, fostering forward thinking, accountability, and autonomy. We lead not only with our own actions, but also by guiding everyone around us, ensuring that knowledge is always shared to help others prosper.

“I genuinely believe that success comes when you're surrounded by good people in your venture. It's a cycle that compounds, creating a ripple effect of positive outcomes. With the right mindset, passion, and hard work, anything becomes possible.”

We're On A Mission To Spark Possibilities

We're not just about completing projects. We're about pushing the envelope, thinking creatively, and showing you what can be done.

We aim to inspire creativity, bring practical solutions to the forefront, and help you achieve your goals. Sparking possibilities isn't just what we do - it's who we are.

WE ENVISION A WORLD WHERE INNOVATION IS EVERYDAY

Our vision is a world where innovation isn't reserved purely for high-tech labs or corporate meetings, it's part of everyday life. An approach that's accessible to everyone, driving progress and making a difference.

We see a future where creativity isn't just celebrated, it's encouraged and put to good use. Where everyone, individuals and organisations alike, can take on challenges, explore new paths, and surpass expectations. At RCE Australia, we're committed to making this vision a reality - one project, one idea at a time.

- Isuzu FJY 300-350 Crane Truck
- Forklifts
- Telehandlers
- Plant Trailers

Safety & Security

- Bollards and Barricades
- Temporary Facility

Equipped To Do It All

Utility & Calibration Tools

- Fusion Splicer
- Winch and Stinger
- Process Calibrator
- Multifunction Pressure Calibrator
- Heat Camera
- Underground Service Locator
- OTDR Testers
- Data Testers
- Laser Alignment

Mobile Facilities & Power Solutions

- Mobile Shipping Container Workshop and Office Facilities
- Temporary Power and Lighting/Towers and Boards

Construction Equipment

- Crawler Cranes
- Tracked Skid Steer Loaders
- Excavators
- Scissor Lifts
- Boom Lifts
- Telehandlers

Manufacturing & Facilities

- Major Workshop Manufacturing Facilities
- Clean Room Calibration Facilities

Turnkey Solutions

Our Extensive Service Range

RCE Australia understands the challenges of outsourcing individual project components, which is why we provide a comprehensive suite of in-house services. Our turnkey approach simplifies complex projects, eliminating the need to coordinate multiple trades and suppliers.

In today's multifaceted project landscape, our goal is to provide clients with optimal results using minimal resources. This model's key advantage lies in having a single point of contact for all project aspects. Our Certified IMS systems guarantee that no detail is overlooked, ensuring client requirements are consistently met.

PROJECT MANAGEMENT

We offer comprehensive project management services, ensuring that your projects are well-planned and efficiently executed.

ENGINEERING & DESIGN

Our expertise covers all facets of engineering, design and drafting, as well as general engineering and fabrication.

FABRICATION

Experts in heavy, stainless steel, and aluminum fabrication for durable, high-quality components.

MANUFACTURING

We specialise in electrical manufacturing, switchboard and control center, efficient wiring, and cabling solutions.

AUTOMATION

Your go-to for automation design, hazardous areas installations, AS4024-compliant machine safety installations.

PROCESSES & INSTRUMENTATION

Our capabilities extend to instrument calibration, ensuring precision and accuracy of systems.

ELECTRICAL

We provide electrical manufacturing and construction for electrical switch boards, MCC, DB's and site installations that meet AS3000 standards.

MAINTENANCE

Count on us for maintenance and breakdown support, thermal imaging services, and labor hire, ensuring the reliability and longevity of your projects.

PROJECT Showcase

At RCE Australia, our commitment goes the distance. As our name implies, we travel across the country to bring our clients' visions to life.

Explore our portfolio showcasing completed projects below.

1

NORTH EAST WATER: WODONGA WASTEWATER TREATMENT PLANT

The upgrade of the Wodonga Wastewater Treatment Plant involved various critical enhancements to the systems and infrastructure of the plant. This project involved constructing switch rooms, replacing PLCs, updating the SCADA system, sewage screens, and a new lime silo system, with additional facilities and systems constructed for improved dewatering.

2

BURRINJUCK DAM: CABLE CRANE REFURBISHMENT

The cable crane was first used back in 1911 when the first foundation of the dam was laid, originally it was steam powered.

The project saw RCE install a completely new automation and control system on the crane, including safety devices, wireless networks, alignment sensors and wireless controls to bring the crane up to modern standards.

The project also saw RCE complete Major structural rehabilitation and additional works to ensure structural integrity was maintain and allows for the ease of service and maintenance of the crane's newer components.

3

LOWER MURRAY WATER: STAGE 2 & 3 UV REACTOR DISINFECTION SYSTEMS

RCE was engaged as the head E&I contractor to install and integrate five major UV reactor disinfection systems for Lower Murray Water. This project involved the construction of new switch rooms at each of the five sites, installation of new remote I/O panels and UV reactor control panels, chemical dosing lines and automation works.

4

HUME DAM: PENSTOCK REFURBISHMENT

RCE Australia was contacted by Diona to refurbish the four Penstock gate valves responsible for controlling the flow of water from the Hume Dam to the Murray River. This work included isolations, dewatering, encapsulation, sand blasting, crack repairs, internal coatings and de-isolations.

5

CASELLA FAMILY BRANDS

Following Casella Family Brands' acquisition, Morris Wines underwent significant upgrades, including the refurbishment of the Whitehill still and installation of a second still. RCE Australia designed and constructed the process and automation systems for the distillery, along with major site-wide power and distribution upgrades. Works included new switch rooms, MCCs, DBs, lighting, and integrated sound and security systems for the new cellar door.

THE RCE DIFFERENCE

WHERE INNOVATION MEETS RELIABILITY

At RCE Australia, we don't just deliver projects — we solve problems, create value, and spark possibilities. Our clients choose us because they know we'll think differently, act quickly, and deliver without compromise.

> INNOVATION, EVERY DAY

Innovation at RCE isn't an occasional brainstorming session — it's built into the way we think, design, build, and deliver. We approach each challenge with curiosity and practical creativity, focused on improving outcomes, not just completing scopes.

> A TRUE PARTNERSHIP APPROACH

We take the time to understand your objectives, constraints, and long-term vision. Our collaborative approach ensures solutions are designed with your future in mind — not just the task at hand.

> ALL IN-HOUSE. ALL UNDER CONTROL.

Our multi-disciplinary team works as one, combining engineering, fabrication, automation, and electrical expertise in-house. That means fewer delays, one point of contact, and projects delivered on time and on budget.

> TRUSTED BY INDUSTRY LEADERS

From government infrastructure and essential utilities to major manufacturers and regional producers, we're proud to be the partner of choice for clients across Australia.

*We're on a mission to spark possibilities —
one idea, one project, and one partnership at a time.*

EVERY TASK, BIG OR SMALL DESERVES A SAFE APPROACH
